01 — TODAY

Three things, one workspace.

You'll move through three connected activities: an **Identity Map**, a **Music Mini-Session** on names & respect, and a **Lyric Asset Bank** to collect your strongest ideas.

01

Identity Map

Map the people, places, values that shape you.

02

Map → Words

Turn the spatial map into honest sentences.

03

Music Session

Names, respect, community, identity.

04

Asset Bank

Save your best ideas for Day 3–5 lyrics.

02 — IDENTITY MAP

Who am I?

What shapes my story? What do I want others to understand about me? Identity is a collection of people, places, memories, values, and dreams — constantly shaping who you are.

GOAL

Today's Goal — Map the people, places, values, interests, and experiences that shape you. Use key words, short phrases, symbols, or simple drawings. **You do not need to fill every box.**

01**Brainstorm**

Jot down what comes first — speed is the goal.

02**Circle 3–5**

Mark what feels most true right now.

03**Write a Statement**

One short identity statement + one open question.

04**Share One Part**

Introduce one part to a partner. You choose.

03 — MAP » WORDS

Turn your map into language.

Use your map as a source. Complete the sentence starters to begin shaping your identity in language. These are practice for your introduction, your writing, and eventually your **CHORUS lyrics**. Write whatever feels honest — you can always revise later.

One important part of who I am is

A person or place that shaped me is

A value I want to live by is

An experience that changed me taught me

A question I am still exploring is

REMEMBER

"Your identity is always growing. What you write today is a snapshot — not the whole story. Be kind to yourself as you explore."

04 — PARTNER SHARE

Practice saying it out loud.

Use your identity map to prepare a short introduction. Before you share, review the checklist. After you share, fill in what you learned.

Partner Share Checklist

- ☐ I shared 3 parts of my identity map with my partner.
- ☐ I explained why one part of my identity matters to me personally.
- ☐ I asked a question — one thoughtful, open-ended question about their map.
- ☐ I listened respectfully and took at least one note about what my partner shared.

🎵 Song Today — "Say My Name" by Destiny's Child

Today we will

- Practice saying names clearly and kindly.
- Think about why names matter for respect and belonging.
- Write one short CHORUS idea (8–12 words) about identity.

1 · Opening Circle — Say · Repeat · Greet

Partner / Class	Hi Nice to meet you,
Teacher	Thank you. I appreciate you saying it carefully.

2 · Why Names Matter

- Using someone's name says: "I see you. You matter."
- Names build connection and community.
- Correct pronunciation shows care and inclusion.
- It's okay to ask again and practice.

3 · While You Listen — One Word

Write one word for how it feels when someone says your name correctly:

I feel —
