

JOINT VENTURE AGREEMENT

This Agreement is signed by the following parties in [Beijing] on [] May 2026:

Party A: MADVERSE

Address:

Party B: Kim Hyung Seok (Passport No.:)

Address:

Each of the above parties is hereinafter referred to individually as a “Party” and collectively as the “Parties”.

On the principles of equality and voluntariness, fairness and good faith, and mutual benefit and win-win results, the Parties hereto have reached the following agreement through friendly negotiation:

Chapter 1 Joint Venture Idea and Core Purpose

Article 1 Party A shall contribute to the Joint Venture Company cash, full-stack AI digital music technology, global ecosystem, global strategy, capital operation, listing coordination, digital asset operation, virtual-real performance network, and full-chain technology, production, broadcasting and offline distribution for MAD POP Global Virtual Human Concert, and shall take the lead in global strategy, technology, capital, compliance, listing, full-process operation of the MAD POP Project and full funding thereof.

Article 2 Party B shall contribute to the Joint Venture Company the high-quality Korean digital image IP of SAGONG EE HO and mature music content foundation as core contributions, and shall take the lead in music content, artistic quality, star matrix, digital avatar artistic review, creation ecosystem, performance production, content quality and copyright management of the MAD POP Project.

Article 3 The Parties shall jointly incorporate Mad POP AI Music Group (hereinafter the “Joint Venture Company”) in the Cayman Islands and establish a subsidiary in the territory of China to implement and operate the core projects of MAD POP Global Virtual Human Concert and branded virtual musician series. Under the model of “Content Production + Social Game Community + Commercial Scene Operation + Asset Trading (C+C+C+X)”, the Parties will build a world-leading AI-driven digital social music platform, seek a dual listing in London and Hong Kong as soon as possible, and strive to achieve a target valuation of more than US\$1 billion.

Chapter 2 Joint Venture Entity and Equity Structure

Article 4 Joint Venture Entity:

1. Name of the Joint Venture Company: Mad POP AI Music Group (subject to final registration).
2. Place of Registration: Cayman Islands (subject to final place of registration).
3. Equity Ratio: Party A holds 60% of the equity, and Party B holds 40% of the equity.

Article 5 Chinese Joint Venture Subsidiary:

1. Company Name: Mad POP AI Music (Beijing) Co., Ltd. (subject to final registration).

2. Place of Registration: Chaoyang District, Beijing (subject to final place of registration).

3. Equity Ratio: The Cayman Joint Venture Company holds 100% of the equity.

Article 6 Company Structure: The Cayman Joint Venture Company shall be the listing entity and capital operation entity, responsible for overall global capital operation, equity management and listing application. The domestic WFOE shall be the entity for project implementation, business operation and market execution, undertaking all domestic business, project landing and offline operation. All domestic and overseas businesses, assets and income shall be consolidated into the overseas listing entity for unified accounting.

Chapter 3 Cooperation Objectives and Capital Planning

Article 7 Core Positioning: Build a world-leading AI-driven digital social music platform under the four-in-one model of Content Production + Social Game Community + Commercial Scene Operation + Asset Trading (C+C+C+X).

Article 8 Business Model: With MADVerse Beijing as the global operation headquarters, and the high-quality Korean digital image IP of SAGONG EE HO and mature music content foundation contributed by Mr. Kim Hyung Seok as the core IP, the Parties will conduct in-depth development of all formats including film, television, animation and entertainment derivatives globally, fully integrate into the MAD POP and MADVERSE ecosystems, build a global landmark of Pop music trend culture integrating creation, social interaction, performance and monetization, operate year-round without interruption, and realize a global commercial layout.

Article 9 Core Business Scope:

1. Content Creation Brand: MAD POP Crazy Trend Planet. An AI-driven national Pop star-making metaverse under the philosophy of “National Co-creation of Trend Culture, Everyone is a POP STAR”. Relying on the exclusive authorization of Mr. Kim Hyung Seok, the godfather of Korean K-POP, and AI 3D world model technology, it builds a trend ecosystem integrating creation, social interaction, IP incubation and global distribution, providing core functions such as one-click AI composition, choreography, 3D MV generation, virtual idol/group customization and one-click cross-platform distribution, enabling ordinary people to create original Pop works and debut globally in one minute. The business model covers advertising, membership, content sharing, virtual props, IP incubation and technology licensing, building a world-leading Pop UGC ecosystem.

2. Digital music content production, agency and training business, including but not limited to:

(1) Full-process virtual human music production: Realize digitalization and virtual humanization of the entire music production process including songwriting, arrangement and post-production.

(2) Digital music artist agency: Conduct agency business for real singers and virtual human artists (Digital Talent), rapidly expand to a scale of 30,000 individuals, and adopt a long-term contract and revenue sharing model.

(3) Idol IP incubation: Develop group IPs such as boy groups and girl groups, and exploit digital copyrights of real people and celebrities.

(4) Virtual idol creation model: Virtual idol + real-person cosplay, AI original production + purchase of well-known music copyrights, integration with existing star groups (e.g., forming brother/sister groups with star boy/girl groups), training by K-POP godfather Kim Hyung Seok, and virtual idols becoming full-stack artists (covering singing, performing, variety shows, advertising and events).

(5) Cooperate with Migu in music copyright and other aspects, and jointly plan and build an “AI Music • Virtual Idol • OPC International Industrial Incubation Base” in Chengdu with Mr. Kim Hyung Seok.

(6) International music training: Set up training camps in Beijing, Seoul and many places in Asia, cooperate with industry leaders such as Kim Hyung Seok and Gong Tinghai to train music producers and singers, and build a One Person Studio talent system.

(7) Copyright financial service platform: Provide integrated financial services including copyright registration, right confirmation, insurance and revenue sharing.

3. Build MAD BLOX, a music social game community. Build a UGC social game community centered on pop music, integrating creation, music, social interaction, games and virtual performances. The platform provides low-threshold creation tools, enabling ordinary users to build various music-themed games and interactive scenes such as music stages, concerts, dance rooms, idol development and rhythm competitions without coding. Users can customize virtual avatars, create original music and MVs, hold virtual shows, team up to pass levels, debut as a group and interact socially, forming a music metaverse with national participation, free creation and real-time connection. The platform builds a complete creator economy and virtual economic system, supporting content monetization, IP incubation and global distribution, becoming a music version of Roblox where everyone can create, perform, socialize and become a national idol.

4. AI XR concert business:

(1) Digital music creation: Full-process AI virtual human production of song composition and lyric writing.

(2) Content production for XR immersive digital concerts.

(3) Global matrix distribution channels: Covering all domestic and overseas platforms including Bilibili.

(4) Integration of global artist/concert resources, in-depth cooperation with top music institutions such as UMG Universal Music Group, and personalized/customized concert planning.

(5) Form independent AI concert production capacity based on film and television AI models, AI 3D video models and cutting-edge AI film and television production large models.

(6) Production, marketing and global full-domain distribution of online concerts.

(7) On-site operation: Primary venue/secondary venue (all offline scenarios such as bars, hotels and guesthouses).

(8) Music distribution: Simultaneous distribution in offline scenarios and online XR immersive experience.

(9) Touring performances: Operate offline tours for boy groups and girl groups in Chinese mainland, Hong Kong, Macao and Southeast Asia.

(10) Music festival IP operation: Integrate and operate music festival IPs under Mr. Gong Tinghai and Sunshine series music festival brands.

5. Operation of MAD EX (MAD Exchange), a music copyright and digital IP asset trading platform.

(1) Build a one-stop music copyright and digital IP asset trading platform for the global Pop music industry, opening up the full-link closed loop of music assets from right confirmation, circulation to financialization. Implement a music copyright registration, compliant copyright transfer and licensing trading system through the platform to realize standardized deposit, traceability and compliant trading of copyrights of all original Pop music works. Support public circulation and trading of on-chain digital assets such as music digital collections, music NFTs, digital albums, virtual stage assets and music IP derivatives, realizing digital right confirmation and high-frequency circulation of music content.

(2) Relying on the massive high-quality music IP asset pool, implement an IP Asset-Backed Securitization system, package and confirm existing music copyrights, continuous royalty income and IP commercial rights and interests, and generate standardized and tradable music asset funds and compliant financial trading tools. Upgrade traditional music content from single work trading to standardized financial assets that can be valued, pledged, circulated and appreciated, building a complete closed-loop global Pop music digital financial trading ecosystem.

Article 10 Financing and Listing Path: Launch in Q3 and Q4 2026, complete in Q1 2027.

A dual listing in London and Hong Kong shall be completed within 6–7 months (adjusted according to market window), with financing of US 200–300 million upon listing. The target valuation upon listing shall be no less than US 1 billion.

Chapter 4 Resource Contribution by Each Party

Article 11 Resource Contribution by Party A:

1. Integration of global artist/concert resources, in-depth cooperation with top music institutions such as UMG Universal Music Group, and personalized/customized concert planning.

2. Contribute the right to use film and television AI models, AI 3D video models and cutting-edge AI film and television production large models to form independent AI concert production capacity.

3. Resources including full-process virtual human production technology, 3D modeling, facial and motion capture, vocal AI technology, metaverse broadcasting system, virtual human technology patents and content security risk control system.

4. All hardware, systems, computing power, equipment and venue resources for the primary XR virtual broadcasting studio and immersive virtual stage for long-term use by Joint Venture Company projects.

5. Connect to global full-network broadcasting platform resources including mainstream video, short video, OTT, metaverse ports, VR channels, overseas streaming media and

satellite digital TV full-channel resources.

6. Connect to a full set of promotion and traffic resources including global promotion and placement, new media matrix operation, overseas social promotion and fan private domain operation.

7. Connect to offline full-scene distribution network and business channel resources including global and domestic hotels, bars, restaurants, cultural and tourist attractions and commercial complexes.

8. Fully fund all cash, upfront advances and operating working capital of the Joint Venture Company and the MAD POP Project, and bear all costs of production, technology, promotion, compliance, taxation and operation.

Article 12 Resource Contribution by Party B:

1. Contribute the right to use the high-quality Korean digital image IP of SAGONG EE HO to the Joint Venture Company.

2. Contribute the right to use film and television AI models, AI 3D video models and cutting-edge AI film and television production large models to form independent AI concert production capacity.

3. Grant the Joint Venture Company exclusive global and full-scene commercial license to all MAD POP music works, song copyrights, arrangement accompaniments and album single copyrights of Mr. Kim Hyung Seok.

4. Provide resources for creation of exclusive new tracks, stage adapted versions and program background music for the Project, and supply all audio resources including lossless master tapes, multi-track audio and accompaniment materials.

5. Assist in connecting to cooperative artist resources including top Korean Kpop solo artists, idol groups, powerful singers and new-generation idols.

6. Participate in the full set of artist incubation resources including discovery, selection, signing, training and artistic packaging of local potential artists in China, Vietnam and other countries.

7. Assist in connecting to professional production team resources including top Korean music production, arrangement, vocal coaching and stage direction.

Chapter 5 Corporate Governance

Article 13 The shareholders' meeting shall be the highest authority of the Joint Venture Company, exercising voting rights in proportion to shareholdings.

Article 14 Composition of the Board of Directors: There shall be 5 members; 3 appointed by Party A and 2 appointed by Party B. The Chairman shall be appointed by Party A, and the Vice Chairman shall be appointed by Party B.

The Board of Directors shall be responsible for reviewing major matters, strategy implementation, budgets, appointment and removal of senior management, etc.

Article 15 Operation and Management: The CEO shall be appointed by Party A, responsible for global daily operation and management, and specially coordinating the full-life-cycle operation of the MAD POP Project.

Article 16 The Global Content Chair shall be appointed by Party B, fully responsible for content, production, copyright and performance quality, and specially exercising the final

review power as Artistic Director of the MAD POP Project. Such authority shall only apply to review of content creation, stage quality, artistic positioning and finished performances, and shall not interfere with operational and capital decisions such as corporate financing, listing, finance, compliance, commercial cooperation and channel operation.

Article 17 The Financial Controller shall be appointed by Party A, responsible for finance, funds, audit and compliance, and specially issuing detailed statements of revenue and costs of the MAD POP Project.

Article 18 Division of Decision-Making Powers:

1. Party A shall lead: global strategy, technology, capital, listing, compliance, digital asset operation, data asset monetization, technology implementation of the MAD POP Project, global distribution, commercial monetization and financial settlement;

2. Party B shall lead: music content, creation ecosystem, performance production, content quality, copyright management, creator services, music creation of the MAD POP Project, artist matrix and artistic quality control.

Article 19 Approval of Major Matters: Matters including but not limited to financing, merger and acquisition, guarantee, amendment to the articles of association, annual budget and final accounts, appointment and removal of core senior management, material IP disposal, material connected transactions, artist cooperation, artistic positioning and IP licensing of the MAD POP Project shall be adopted by a vote of more than two-thirds of the directors of the Board of Directors to take effect. Party B shall only have a special veto right over three exclusive matters: core IP content positioning, performance artistic quality and virtual idol artistic review. Party B shall not veto capital and operational matters such as corporate financing, listing application, equity change, financial accounting, compliance management and material commercial cooperation.

Chapter 6 Finance and Profit Distribution

Article 20 Fund Management: The operating funds of the Joint Venture Company shall be provided by Party A according to operational needs, included in the operating costs of the Joint Venture Company and accounted for in accordance with financial regulations. All upfront investments, advances and operating expenses of the MAD POP Project shall be fully and independently borne by Party A; Party B shall not contribute cash or provide advances.

Article 21 Liability Allocation: Losses arising from normal market operation risks of the Joint Venture Company shall be borne by Party A. All project losses, fines, compensations and business suspension losses caused by Party B's reasons such as content breach, resource shortage, quality defects, unauthorized IP licensing, disclosure of core content and negative performance shall be independently borne by Party B.

Article 22 Profit Distribution: The after-tax net profit of the Joint Venture Company shall be distributed in proportion to equity (60% for Party A and 40% for Party B). Legitimate advances and compliant costs of each Party shall be repaid prior to distribution.

Article 23 Listing/Capital Gains: Both Parties shall enjoy market value gains, right to use financing funds and capital appreciation gains upon listing or merger and acquisition of

the Joint Venture Company in proportion to their shareholdings.

Article 24 Financial Transparency: The Joint Venture Company shall adopt international accounting standards, provide monthly financial statements to both Parties and conduct annual audit. Both Parties shall have full rights to information, inspection and supervision.

Chapter 7 Assets and Intellectual Property Rights

Article 25 Party A's Original IP: All intellectual property rights of MADVERSE including original technology, AI systems, XR platforms, data assets, trademarks and software copyrights shall be owned by Party A. Party A grants the Joint Venture Company a global, exclusive, perpetual and irrevocable license for use in the business of the Joint Venture Company.

Article 26 Party B's Original IP: All intellectual property rights contributed by Party B including SAGONG EE HO digital IP, all song copyrights, music library, audio materials, production teams, artist resources and AI models shall be owned by Party B. Party B grants the Joint Venture Company a global, full-scene, exclusive, perpetual and irrevocable commercial license. Party B shall not unilaterally withdraw, suspend or license any third party to use such rights during the term of the Agreement and the equity existence period.

Article 27 The intellectual property rights of the MAD POP brand, music style and overall IP shall be jointly created and owned by Mr. Kim Hyung Seok and the Joint Venture Company. The Joint Venture Company shall be solely and uniformly responsible for daily operation, commercial licensing, global promotion and infringement protection. Neither Party may independently dispose of, transfer, pledge or separately license such brand IP. Material external IP cooperation and transfer shall be adopted by a vote of more than two-thirds of the Board of Directors.

Article 28 Ownership of Job Achievements: All job achievements including technical achievements, creative achievements and commercial plans generated by employees assigned by each Party to the Joint Venture Company during their employment in connection with the business of the Joint Venture Company shall be owned by the Joint Venture Company. Each Party shall cooperate with the Joint Venture Company to complete registration procedures for relevant patents, software copyrights and other intellectual property rights.

Article 29 Right Confirmation Obligations: Both Parties shall cooperate with the Joint Venture Company to complete right confirmation, rights protection and operation including software copyright, patent and copyright registration, blockchain deposit and international copyright registration; and cooperate to complete joint right confirmation of MAD POP IP and filing of commercial rights of celebrity digital avatars.

Article 30 Transfer of Rights and Obligations: Party A may transfer its rights and obligations under this Agreement to its affiliated companies upon prior written notice to Party B. Party B may transfer its rights and obligations under this Agreement to its affiliated companies only with the written consent of Party A.

Article 31 The portrait rights and personality rights of real celebrities in all countries shall be owned by the artists themselves. All operating income from corresponding digital

avatar modeling, commercial operation, performance monetization and IP derivatives shall be incorporated into the unified revenue system of the MAD POP Project, owned by the Joint Venture Company and subject to unified settlement and distribution.

Chapter 8 Confidentiality, Non-Competition and Liability for Breach of Agreement

Article 32 Both Parties shall keep confidential forever all undisclosed information including the content of this Agreement, business plans, financial data, technology, copyrights, artist information, operation data and core secrets of the MAD POP Project, and shall not disclose such information to any third party.

Article 33 A Party in breach of this Agreement shall compensate the non-breaching Party for all losses (including direct losses, expected benefits, attorney fees, litigation fees, preservation fees, etc.). If a material breach renders the purpose of the Agreement unattainable, the non-breaching Party shall have the right to terminate the Agreement and pursue liability for breach.

Article 34 If either Party breaches the confidentiality obligation or non-competition obligation under this Agreement, or provides false information or has defective rights, causing damage to the interests of the Joint Venture Company and the MAD POP Project, it shall compensate the Joint Venture Company and the non-breaching Party for all losses.

Chapter 9 Dispute Resolution

Article 35 The conclusion, validity, interpretation, performance and dispute resolution of this Agreement shall be governed by the laws of the People's Republic of China.

Article 36 Any dispute arising out of or in connection with this Agreement shall be resolved by the Parties through friendly negotiation. If negotiation fails, such dispute shall be submitted to the Beijing Arbitration Commission for final arbitration in accordance with the arbitration rules then in force, with the seat of arbitration in Beijing. The award shall be final and enforceable worldwide.

Article 37 During the period when the Parties are in dispute and arbitration proceedings are pending, the remaining provisions of this Agreement shall remain in effect except for the disputed matters. Neither Party shall suspend core performance acts such as project operation, listing preparation and resource delivery, and shall not maliciously delay or hinder project progress on the ground of dispute.

Chapter 10 Notices and Service

Article 38 Unless otherwise specified in this Agreement, any notice or written communication required by this Agreement to be given by either Party to the other Party hereto shall be delivered by personal service, facsimile or express mail. All notices and written communications shall be sent to the following addresses until a written notice of change of such address is given to the other Party hereto:

Chapter 11 Miscellaneous

Article 39 During the term of the Agreement, Party A, Party B and their respective core teams shall unconditionally and promptly cooperate with the Joint Venture Company to complete all listing supporting work including listing due diligence, financial audit, compliance filing, capital market disclosure, response to regulatory inquiries and equity rectification. They shall not refuse, negatively cooperate, conceal information or provide false information without just cause. Any breach shall be deemed a material breach, and the breaching Party shall bear all losses and liability for listing delay.

Article 40 This Agreement constitutes the complete and sole agreement between the Parties regarding the Joint Venture Company and the MAD POP Global Virtual Human Concert Project. Any oral or written commitments, understandings, arrangements or agreements previously reached by the Parties that are inconsistent with this Agreement shall be subject to this Agreement.

Article 41 The Parties may amend, rescind or terminate this Agreement in writing upon unanimous consensus through negotiation.

Article 42 Matters not covered by this Agreement may be subject to a supplementary agreement separately signed by the Parties, which shall have the same legal effect as this Agreement.

Article 43 The Parties agree to separately sign the articles of association after the execution of this Agreement for registration purposes. The aforesaid articles of association shall be submitted for registration in accordance with relevant laws and regulations after execution.

Article 44 This Agreement shall take effect on the date of signature and seal by all Parties.

Article 45 This Agreement is made in two originals, with Party A and Party B each holding one original, both having the same legal effect.
